

# YRFlow: 5-Minute Setup & First Win

**Step 1: The Setup (1 Minute)** Open your AI of choice (ChatGPT, Gemini, or Claude). We recommend a "Fresh Chat" for each new content project to keep the context clean.

**Step 2: The Action (2 Minutes)** Copy **Prompt 01** from prompts.txt. Replace the inputs:

- [Topic]: Why SEO is failing in 2026.
- [Primary Keyword]: SEO Strategy.
- [Product/Service]: YRFlow Automation.
- [Target Audience]: Tech Founders.

**Step 3: The Result (2 Minutes)** Review the generated outline. You now have a strategic roadmap that doesn't just "talk" but "sells."

**Immediate Goal:** Post the generated SEO Title and Meta Description to your draft blog post today.
